Provo Craft®

What You See Is What You Cut!

Cricut DesignStudio puts you in control! Explore the content of the Cricut cartridges, searching by keyword and previewing new cartridges. Then using an on-screen cutting mat, determine each character's size, style, and placement. Combine cuts from different cartridges and quickly weld, shear, flip, kern, and duplicate characters. Save your designs to use later or to share with a friend!

cricut DesignStudio™

Reach new exciting levels of Cricut creativity!

Perfect for scrapbooking, card making, home décor, teaching aids, and signage

Picture frame was made by welding 16 separate characters from 3 different Cricut cartridges

Welcome to the **Cricut DesignStudio** software, an exciting new way to connect your original Cricut or Cricut Expression machine to your computer! Using an on-screen cutting mat, this program allows you to explore, design, and cut the complete Cricut Cartridge Library. What You See Is What You Cut! With a user-friendly interface and the ability to save your innovative creations, you'll discover that the Cricut DesignStudio is a must-have addition to your Cricut cutting system!

cricut DesignStudio™
